BUILDERS ENCOURAGED TO INCREASE OUTPUT

Builders in Oxford/Cumberland counties and vicinities may build more homes for rural families because of a new program of the Farmers Home Administration, County Supervisor Daniel McAllister announced on Monday.

Under the plan, McAllister said, FHA, the rural credit agency of the Department of Agriculture, can issue a conditional commitment agreeing to finance new or substantially rehabilitated homes for as many as 15 families at a time.

Previously, he noted, home financing could be assured only as individual families applied and were approved. With the condition commitment, builders can proceed with use construction of up to 15 homes in an area, with reasonable assurance that financing will be available to qualified purchasers.

The conditional commitment does not reserve funds for a loan nor does it provide for construction financing, McAllister pointed out, "but with the growth of the rural housing individual loan program from \$400

million in fiscal 1969 to \$21 million this year, and with more than \$1.4 billion projected for 1971, expansion of rural housing opportunities is assured.

"FHA's National Administrator, James V. Smith, has called on contractors, developers and realtors to engage in a stepped-up program to improve low and moderate cost housing in rural America," McAllister reported. "It is one step in our effort to eliminate the many housing inadequacies that plague rural people."

Details may be obtained from Supervisor McAllister at the Oxford/Cumberland County Farmers Home Administration office at 112 Main Street, Bridgton.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Robert Stearns has been appointed full-time police officer to fill the vacancy in that position. R. Glenn Murphy will continue as spare officer.

All but two men in the highway department will be on vacation next week. The two remaining will be available to handle emergencies. Anyone wishing to contact them should call either the Town Office or my home.

The high bidder on the East Bethel school house was George Haines. The bids were opened at the Selectmen's meeting last Monday night.

We have had a good response from notices sent relative to unpaid taxes but indications are there will be more liens placed on property this year than in the past.

The unpaid 1969 taxes this year now total \$13,000. Last year at this time we had \$4,000 outstanding in 1968 taxes.

STORIES AND GAMES AT BETHEL LIBRARY

START NEXT MONDAY

The Bethel Library Storyhour program begins Monday morning, July 20, 10 to 11:30 o'clock, for all children between four and nine years of age. The groups will meet Monday, Wednesday and Friday mornings through July 31 on the library lawn. Everyone is welcome. No tuition.

Mrs. Alma Young and Mrs. Joan Chabourne will direct the activities. There will be music, art, recordings, games and books for each age. Each child is asked to bring crayons. Time will also be spent acquainting the children with the library, its use and facilities.

There are so many ways to make the written word come alive and be enjoyable. It is hoped that some children can discover this, and that others can find new ways to express themselves.

TRUCK DRIVER SUCCUMBS AT SKILLINGTON

Hugh H. Stoddard of Burlington, Vt., apparently suffered a fatal attack last Friday evening while operating a Merrill Transport tractor-trailer on Route 25 in Skillington. The vehicle left the northern side of the road while traveling in a westerly direction near the Red Lantern. At 8:05 p. m. Dr. John Young, medical examiner, ruled that the cause of death was a coronary.

The incident was investigated by State Trooper Gerald Smith, assisted by Oxford County Deputy Sheriff Joseph Smallwood.

Elizabeth Waldron is participating in a two weeks sensitivity training session at Bates College in Lewiston, after which she will be employed for a month training teacher aides for the Lewiston School Department. These projects are sponsored by the Lewiston Model City Program.

CONSTRUCTION WORK MOVES FORWARD

At the site of the new bridge spanning the Alder River on Route 26 in Bethel, the above photo, taken Wednesday afternoon, shows work looking toward Bethel village. The new bridge will have a single span of 28 feet and is designed to carry the full width of the roadway. The project, awarded to Callahan Bros. of Mechanic Falls at a bid of \$193,867, also provides for reconstruction of 0.2 mile of highway.

STATE GAME DEPT. SAYS STRANGE UPTON ANIMALS ARE EASTERN COYOTES

The Maine Fish and Game Department reported Tuesday that three dog-like animals shot in the vicinity of Upton have been identified as Eastern Coyotes.

The department said the animals are apparently extending their range into west central Maine.

The bodies of the coyotes, which were taken during the past two years, had been sent to the U. S. National Museum in Washington.

The department says it is investigating possible effects of the animals on the state's deer population. Coyotes have been found in New York, New Hampshire and Vermont for several years.

BETHEL'S MOLLYCKETT DAY TO BE HELD SATURDAY

Mollykett Day festivities will be held this Saturday, July 18, starting with a parade at 11 a. m., led by "Miss Mollykett-1970" and the Old Crow Indian Band.

This Day which has become nearly a local tradition is named for an Indian princess who was the first "healer" in this area. A daughter of a tribal chief of the Rokenoko tribe, she became identified with the St. Francis Indians following a Canadian visit. She was in attendance when the first white child was born in Andover and also is said to have saved the life of a child at Paris Hill who was to become vice president of the United States, Hannibal Hamlin. Mollykett died in 1916 and is buried at Andover.

Following the Saturday morning parade, featuring floats sponsored by local organizations and business firms, as well as walking groups and bicyclists, booths will be open at the Common offering food, drink, and games for all ages as well as other festivities.

A Little League baseball game has been scheduled for Saturday afternoon on the Gould Academy field.

Supper will be served on the Common starting at 5:30 followed by a dance at the Fire Station at 8 o'clock.

The Bethel Lions Club, sponsors of the event, invite all to come and participate in the annual affair. Part of the proceeds received support the activities of the Bethel Health and Service Council, Inc.

PET SHOW TO BE FEATURE OF MOLLYCKETT DAY, JULY 18

GREENWOOD CITY

Mrs. Calista Morgan, Corcoran. —

Surrounded by green hills it lies, shadowy, peaceful and cool. Lush ferns crowd its rim under the arch of trees reflecting their charm. Traveling around it in a boat we saw occasionally the glass of the pool shattered by a fish. The ripples widened to the ferny banks as he sank again to his hidden lair. Slowly the ripples subsided to stillness and our pool was quiet and peaceful again.

The currentless water was dead and still as our boat drifted in and out among the lilies and cat-tails. Waterbugs rippled no matter where we chanced to be.

Among the tall growing rushes, springing from elastic beds of moss and rocks we found the Rose Pogonia, for which we were searching. They spired upward, lavishing their grace and delicacy their little "wings" looking like angels ready to fly. This was my first opportunity to visit them. In my flower book they are listed as Adder's-Mouth, a horrid name, for so fragrant and charming a flower. They grew in bunches, showy and pink, against their green background.

Secluded here in this shadowy pool the village belle never sees this more delicate belle of the swamp. The submerged plants have intermingled, weakened and died. Their remains have been added to the silt and mud. In the airless mud, decay is slow and the pond bottom builds up. The shallower water offers a foothold to stouter plants. We found them: pickerel weeds, arrowheads, pitcher plants and lilies. These too, were beautiful, white, and sweet spread on their background of dark water in this quiet place where shadows flicked the water as the sunbeams came and went.

Christian Science
Questions about the origin and preservation of life are answered from a metaphysical viewpoint in the Lesson Sermon on "Life," to be read in all Christian Science churches on Sunday, July 19.

One of the readings from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, Discoverer and Founder of Christian Science, states:

"We apprehend life to divine Science only as we live above corporeal sense and correct it. Our proportionate admission of the claims of good or of evil determines the harmony of our existence—our health, our longevity, and our Christianity."

One of the Bible passages is from Job: "The Word of God hath made me, and the breath of the Almighty hath given me life."

All are welcome to attend services beginning at 11 a. m. at First Church of Christ (Scientist, Main and York Streets, Bethel, and you are invited to bring your children to our Sunday School at the same hour.

The Christian Science Radio Series "The Bible Speaks to You," is broadcast each Sunday over station WMOU, Bethel, N. H., at 8:15 a. m. The theme for July 19 will be "How Do You Get Ready for Retirement?"

A Christian Science Reading Room is now open in the business district in Bethel, N. H., at 131 Main St., from one to four every Tuesday, Thursday and Friday. The public is warmly invited to attend.

ABUSE OF DRUGS IN MAINE ON UPSWING SAYS AUTHORITY

The abuse of drugs in the state of Maine is definitely on the increase, according to a leading authority. The State Drug Abuse Council, in an effort to make the public more aware of the dangers of drug abuse, announces the availability of a group of leaflets and pamphlets on the following subjects: L.S.D.; marijuana; narcotics; up and down drugs (amphetamines, barbiturates); speed; and glue sniffing. Interested individuals and groups may obtain this literature by sending their request to the State Drug Abuse Council, Maine Dept. of Health and Welfare, State House, Augusta, Maine 04330.

Also available is a report by Blue Cross entitled "Adolescence for Adults" which focuses on late adolescence—the latter years of high school and the undergraduate years in college or their equivalent on the street or on the job. The booklet contains insights into adolescence as written by leading professionals including Dr. Roy W. Menninger, Kenneth B. Clark, Arthur B. Schlesinger, Jr. and others. A recurring theme is that adults have failed youth by having failed to listen, or if to listen, failed to hear.

DISCUSS FACILITIES AT MOOSE POND, WEST PARIS
Twenty-five to thirty residents of the town of West Paris met on the evening of July 13 at Moose Pond in West Paris to discuss with State and Federal Agency personnel the feasibility and desirability of constructing a public access facility and new dam at the outlet of Moose Pond.

District Conservationist, Randolph West of the Soil Conservation Service, South Paris, opened the discussion and introduced the technical people present. Biologist Lee Perry and Fisheries Biologist, Stuart DeRochie of Maine's Inland Fisheries and Game Department discussed waterfowl and fisheries management under varying levels of pond elevations with the group present.

John Malley, Project Coordinator for the Threshold to Maine RCKD Project, discussed alternative water elevation possibilities as it concerned dam re-construction, inundation of private lands and public roads. Malley advised the group to secure survey permits so that accurate elevations could be determined on all the affected lands before any final decisions were made concerning changes in water elevation.

GREENWOOD DEMOCRATIC TOWN COMMITTEE MEETS

All those who enjoy a good baked bean supper should plan to attend this supper. Some of the monies realized will be used to assist Raymond Harrington of Greenwood, in his campaign for the State Legislature.

There will also be a meeting earlier in the afternoon, at 3:30 p. m., of various Oxford County Democratic Committees.

DEPT. OF HEALTH & WELFARE CITES SHORTAGE OF DENTISTS IN STATE—RATIO IS 1-3,500

Maine's critical shortage of dentists has placed the state in an emergency dental situation, according to the director of the Dental Health division of the Maine Department of Health and Welfare, Dr. A. H. Garcelon says that Maine has an average of one dentist for every 3,500 persons. The American Dental Association classifies a one-to-3,000 ratio as an emergency.

Dr. Garcelon said that the average age of Maine's dentists is 60, and that there are few young dentists establishing a practice in the state. He repeated his call for fluoridation of all Maine public water supplies as the safest, most economical, and most effective means of improving Maine's dental health picture.

The Dental Health division has been promoting fluoridation since the early 1950's. Dr. Garcelon pointed out that Norway, Maine, was, in 1952, the first town in the state to fluoridate its water. Ten years ago, he said a study showed 55 per cent less tooth decay among school children there . . . at a cost of 11 cents a year per person.

Dr. Garcelon added that, even though all major health organizations and many major civic organizations in the country endorse fluoridation, the key to this health benefit in Maine lies in the local community. Maine is one of four states in the country which require a local referendum on the question of fluoridation. Dr. Garcelon urged local citizens in communities with unfluoridated water supplies to become interested and take an active role in securing the benefits of fluoridation.

Bethel voters authorized the addition of fluorides to the local water supply by a 139 to 93 margin at the March 1968 annual meeting. As of this date, the program has not started.

CANNING AND FREEZING MEETING AT SOUTH PARIS
TUESDAY, JULY 21

"There's no room for luck in home canning," says Mrs. Ruth C. DeCoteau, Extension Agent.

To be safe, it's necessary to have reliable methods and follow them carefully. A boiling water bath is a recommended process only for fruits, tomatoes, and pickled vegetables. A steam-pressure cooker is needed for all other vegetables.

"The art of home canning or freezing" will be the subject of a meeting on Tuesday afternoon, July 21, at 1:30, at the South Paris Fire Hall. There will be an opportunity for questions and answers, demonstration of methods recommended, and a display of materials and equipment.

LETTERS TO THE EDITOR

Dear Editor Citizen:
The enclosed letter to the City Fathers of Lewiston by the YWCA residents could very well apply to thousands of our towns and cities. Perhaps you would be good enough to not let it space in the Citizen.

Sincerely,
B. Y. Noyl, Bethel

Open Letter to the City Fathers
Dear City Fathers,
We are newcomers to Lewiston, YWCA residents. On the week end of July 4th we decided to stay right here and explore the town.

We asked where there were parks so we could visit them and enjoy the beautiful sunny morning.

The little area right in front of our building was pointed out to us: "That's it". Quite pleasant. Some trees, some grass, some benches. That should be a feature everywhere where people live. But a park?

Let me describe it to you, dear fathers: The area is open to all four winds with their dusts. The Pine Street side has some shrubs, but instead of letting grow as tall as they will, someone thinks shrubs look nice when they get a crew cut; they are razed to the flatness and size of a stool.

Tell those responsible please, that they should leave the shrubs alone, and they will be beautiful and provide a screen against the confusion of traffic. Let them not spend our money on making them ugly as well as non-functional. And much less money would be spent on planting them because space would be allowed to grow. Where there are 12 shrubs which have to be clipped continuously, three would have been enough!

The benches, all benches, cemented into the ground facing the blacktop and each other, facing the busy street, facing the racing bicycles, instead of the quiet of the grass and trees.

We then went looking for some more civic cleanliness. And what did we find? Streets surrounded by the unnecessary, costly curbs. The curbs are from the horse and buggy era; they are a senseless obstacle, the road lifted up into the vertical instead of letting the grass on the edge come down to the road. An obstacle

Congregational Church Meeting

On July 13 twenty church members met at the church for a meeting. Roger Mills conducted the meeting. The Standing Committee of the church meets the first Wednesday of each month and the following week church members meet and vote on recommendations of the Standing Committee.

Discussed taking funds from the reserve account to pay current expenses. It was noted that pledges are in the arrears. The Stewardship committee will contact members and check on pledges.

The Benevolence committee reported that half of the amount pledged to missions had been sent. Rev. O. Charles Wellman explained the two committees that the Standing Committee recommended: That the Constitutional Evaluation Committee consist of five members and that they report at the annual meeting. The second part was that a committee be appointed to study the book "Toward an Understanding of Local Autonomy". This is to precede the Church's study of the U.C. plan and it is recommended that this study be undertaken during the last ½ hour of the Church meeting.

Appointed to draw up the amendment to the By-laws were Anne Fox, Waldo Merrill and Kathy Ricker.

Discussed money raising projects: Christian Education Building; and cement work in front of the church.

A committee of Frederic Greenwood, Eldora Jones and Gertrude Akers was appointed to look into the C.E.B. problem.

A Pulpit committee of Waldo Merrill, Gertrude Percival, Eldora Jones, Anne Fox and Geraldine Marston was appointed. The above members will hold office until January 1971. They are to meet quarterly with the minister to discuss the relationship of the minister and the Community of Faith. The committee will be elected annually and will consist of five members.

Community Club Meets
Mrs. Linwood Tucker and Mrs. William Crocker were co-hostesses for the July meeting of the Community Club on Tuesday evening.

Eleven met with Mrs. Tucker. Mrs. William Simmons conducted the meeting. Mrs. Robert Swain reported that cards had been sent to Elsie Smith and Albert Bell who had been hospitalized. Birthday cards to Mary Gammon and Hattie Combs. Plants had been sent to the Eva Jackson service.

Mrs. Orville Meisner read the treasurer's report. Five members gave birthday money for the missionary jar.

Voted that plants would be sent to funeral services during the summer months.

Due to lack of interest the Community Picnic will not be held this year in August.

Voted to hold a Bummage Sale on August 14. Mrs. William Crocker, Mrs. Freeman Farrington, Mrs.
